

Who We Are.

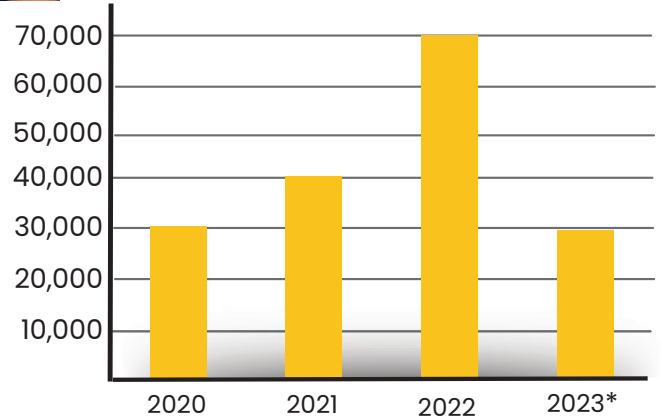

North Fork Area Transit provides **vital public transportation services** in Norfolk and surrounding communities. We are the backbone of affordable transportation options for residents and visitors to northeast Nebraska.

Provided 30,000 one-way trips in 2023.

- 1/3 for employment
- 1/3 for medical services
- 1/3 for school trips

North Fork Area Transit makes a **DIFFERENCE** every day. Our service is a success due to our partner agencies who financially support the service and the local funding needed to keep services on the road.

Annual Ridership Trends

*Open 8 months in 2023

Who We Serve.

North Fork Area Transit, over the past few years, implemented many transit services, serving a variety of carefully designed options to meet the travel needs of the community – the elderly and disabled, tripper service for school-age kids, and employees.

Our Goals.

- Provide safe, affordable public transportation
- Develop strong community partnerships
- Maximize resources – federal and state funding
- Enhance economic development in a community by connecting residents and visitors to jobs, services, educational facilities, etc.

Our Services.

Our **TeleLift** service continues to grow. It primarily serves seniors and people with disabilities traveling to work, medical, and shopping trips.

We operate a **Regional** route with service from Norfolk to Great Dane in Wayne designed to get Norfolk residents to work in Wayne. Bus schedules revolve around the shift changes.

Services Returning in the Future

ForkLift, the fixed route bus service will add a great option for existing Telelift riders as well as local school and college students.

NiteLift would operate evenings and late nights to help people get to and from work and also provides a safe ride home from local bars.

Tripper service is a set of routes that operate in the morning and afternoon and focus on K-12 school children. These routes are also open to the general public.

Here to get you there.

Our Funding.

We need YOU!

North Fork Area Transit is committed to providing the services that get you and your neighbors where you need to go, but we can't do that without your support! Through the NDOT's State Management Plan, North Fork Area Transit was approved for reimbursement funding via the Federal Transit Administration's 5311 Rural Area Formula Program.

This grant program requires a local match which is why we need support from local donors like you. We are excited to have you as a partner in our continued efforts to provide safe, reliable transportation to the Norfolk community and surrounding areas.
